Elon in 1969

Change can be violent and painful; or it can be a gradual process, to which we adjust bit by bit. We are all aware that we are living in an age of change, in which it is necessary to continually develop and adapt to the changing times, in order to keep moving forward. Complacency and satisfaction with existing conditions only move us backward.

And so, as every other place, Elon, too, is experiencing a period of great change. The Elon of 1969 is vastly different from the Elon which this year's graduates entered in the fall of 1965. The building program, which was initiated in that year, has continued to change Elon into a more progressive and impressive school.

The spirit of change and progress is not limited to buildings, however, and this year the same spirit which prompted the development of Elon's physical plant has been manifested by her students, as individuals. More than ever before, we have exhibited an interest in our school. We have sought to initiate changes which will make Elon a more effective place in which to learn and grow, and we have striven to make our years at Elon a more worthwhile and progressive experience. Within this book, is the record, in pictures and in words, of our efforts, as individuals and as a group, to accomplish these goals.

DEDICATION

Some remember his presence on the Elon campus because he always wore a freshman beanie, some because he had such avid school spirit, and some because he always stopped to chat.

We all remember him for at least one special reason; and so with pride, appreciation, affection and warmth we dedicate this, the fifty-fourth edition of the **Phi Psi Cli**, to Rev. John S. Graves, an alumnus of Elon, professor and Campus Minister for many years, and most important and most lasting, our friend.

OFFICE OF THE
PRESIDENT

TO THE CLASS OF 1969:

Congratulations! I welcome you and extend my best wishes to you as you join other thousands of Elon alumni. It has been your good fortune to have the opportunity of attending college and thus you are better prepared to make a significant contribution to society.

These are confused and difficult times. International tensions and conflicts, the turmoil in our cities, the problems between races, the disturbances on our campuses, and other evidences of uncertainty and discord are undoubted sources of the confusion and sufficient evidence of the difficulties. In times like these, the liberal arts college, remaining true to its tradition, continues to serve through its twofold mission of searching for and communicating the truth. It has been our aim at Elon College to be a good liberal arts college committed to Christian principles and practice. We sincerely hope that you have found stimulation for your minds and inspiration for your living during your years at Elon.

God bless you throughout your lives that the world may be a better place because you have lived and served.

Sincerely yours,

J. E. Danieley

Departments of Business and Economics

BUSINESS AND ECONOMICS

The goals of the Business and Economics Departments, headed by Mrs. Jeanne Williams and Mr. Ralph V. Anderson, are to give students a firm understanding of economic institutions and a sound knowledge of basic principles and analytical tools of economics and business.

EDUCATION

Headed by Dr. Arnold Strauch, the Education Department endeavors to educate and prepare future teachers as by coupling the academic courses with first-hand teaching experience through the student teaching experience in the student teaching program. Student teaching is a necessary requirement for certification. The education department includes both elementary and secondary school programs.

Department of Natural Sciences

Dr. Paul Cheek
Head of Department

NATURAL SCIENCES

The Department of Natural Sciences provides courses of study leading to degrees in Biology, Chemistry and Physics. In addition, the Department welcomes its commitment to those whose professional interests lie outside the natural sciences. It is to be hoped that studies in the natural sciences will prove of value not only as an intellectual pursuit for all members of the campus community, but that they will provide some measure of assistance in what must be the effort of man to come to terms with the natural world.

HOME ECONOMICS

With the growing tendency toward specialization in today's world the Home Economics major is presented with various opportunities upon graduation with a degree in Home Economics. The Home Economic Department strives to prepare its students to meet the many challenges this field offers both in and outside the home.

Department of English

ENGLISH

The Department of English consists of dedicated and competent members of the faculty whose functions are to inculcate in the minds of their students high standards of written and verbal expression and sensitivity to and love of great literature. The largest department on the Elon campus, the Department of English reaches all students through Freshman English and survey courses.

FINE ARTS

The Fine Arts Department develops performers and artists as a primary function, but a very important obligation is its sponsorship of cultural events on campus and its emphasis on the students' knowledge and appreciation of the Fine Arts. Each section offers special opportunities for the students' interest. Campus music organizations include the choir, orchestra, and marching, concert, and stage bands. The Elon Players offer dramatic opportunity for the students. All these programs add to the cultural atmosphere of the college.

Department of Social Sciences

SOCIAL SCIENCE

The ultimate goal of the Department of Social Sciences is to aid a student in understanding the total society of which he is a member. The courses offered in this field embrace a wide range of cultural experience. A student who is accomplished in the Social Science area becomes a worthwhile member of the social structure, and strives to better the world in which he lives.

Department of Foreign Languages

FOREIGN LANGUAGE

Courses in foreign language enable students to gain knowledge of both a country's literature and culture. They also enable the student to read, write, and speak the language. When a "communication barrier" is removed, tolerance is more likely. The tolerance, in turn, lays the groundwork for establishment of lasting peace.

Head of Department

MATHEMATICS

The Department of Mathematics attempts to offer a sound and up-to-date curriculum in mathematics. Through a dedicated staff it meets the needs of a variety of students. Among its objectives are: to provide the student majoring in mathematics the foundation needed to pursue graduate work in mathematics; to offer a curriculum that will complement the natural sciences; to provide the prospective secondary and elementary school teachers with the mathematics necessary to become certified public school teachers; and to offer courses for those students who need only a terminal course in mathematics.

Department of Physical Education

PHYSICAL EDUCATION

It is the goal of the Physical Education Department to promote healthy bodies and minds by offering courses in educational activities as well as courses in hygiene and health. Exercise of the body is just as important as exercise of the mind. The P.E. Department offers a wide variety of courses designed to teach the student both skills and rules involved in the field of Physical Education.

ORGANIZATIONS

Student Government Association

The Student Government Association, realizing its job as the representative body of the students, strives to serve as the link in the chain of communications between students and administration. Continually striving to fulfill this assignment, the S.G.A. officers are on the move to promote freedom of expression, keep the college community up to date, and instill the student's interest in S.G.A.

One main objective of the S.G.A. this year was to answer the cries for more campus activities. Proudly the S.G.A. answered the call by establishing an on-campus coffee house, often providing live entertainment, adding a new weekend, Captain Elon, as well as beginning procedures for an on-campus radio station. Endeavor and Fulfillment have been the guide words for the year's S.G.A. and officers.

Senate

The 1968-1969 Student Senate began its year enthusiastically with its elected body possessing both experience as well as newness. Each class was proud to have at least two senators having served a previous term of office. Under the leadership of Paul Bleiburg, meetings were conducted democratically, allowing action to be taken on various bills and resolutions. Highlights of the session included a bill to poll the student body's feelings on chapel attendance, passage of various resolutions pertaining to campus life and regulation, and the investigations of special committees into such matters as the revision and updating of women's dormitory rules. The Student Senate is the key to fulfilling the students' desires and welcomes at any time all suggestions.

Colonnades

The Elon College literary magazine, the COLONNADES, endeavors to present the most outstanding artistic and literary achievements of the college's students by providing a medium for self expression and the birth of self confidence. This year's staff has worked diligently to create an entirely new format with the desire to increase student participation and cast a new light upon the college itself.

STAFF MEMBERS LEFT TO RIGHT: Ed Baker, Rose Mary Chirtas, David Spicer, Noel Allan.

Veritas

In May of 1968, the Student Senate passed a bill offered by President Allen of Student Government, instituting a free student press. The bill stipulated that there would be two co-editors, and that the staff would be considered an S.G.A. committee, with the editors as co-chairmen of the committee. Allen appointed Barton C. Shaw, a senior from Annapolis, Maryland, and Randall S. Spencer, a junior from Manchester, Conn., to the positions and the three decided on the title: VERITAS. E.C. NEWS LIBERATED PRESS, to emphasize that Elon College now had, for the first time in its history an uncensored student newspaper, and to stress that the end in mind from the outset would be "TRUTH." Despite pessimism from all quarters VERITAS in one academic year has attained remarkable stability and has become a successful enterprise. With its diversification of literature including culture, politics, racial considerations, informative news, sports, and editorials, it has been read weekly by more than 1300 students and faculty. VERITAS will hopefully continue through future years in this light.

Maroon and Gold

Dedicated to the best interests of Elon College, with attention to the activities of both Elon students and Elon faculty, the Maroon and Gold is published weekly during the college year, with the exception of holidays and vacation periods.

The paper is published in cooperation with the college's journalism department and has no official editorial staff. It has been under the supervision of Prof. Luther N. Byrd for the past twenty years, and during that period the paper has several times won recognition as one of the top college publications in the state in the weekly or bi-weekly class.

Sponsor Luther Byrd addresses his staff.

Elon College Marching Band

The Elon College Band aroused their audiences as they performed in many activities this year. The enthusiastic sixty-member band provided exciting half-time shows during the football season, and on Parents' Day both the dance band and the concert band provided a variety of music for the parents. They were one of the few bands privileged to be asked to perform at the Nixon Rally in Greensboro. The season was ended with a concert featuring wind, brass, and percussion ensemble. In May the band gave their traditional Spring Concert.

Cheerleaders

With new uniforms, new cheers, and a new school spirit, the Elon College cheerleaders began the 1968-69 school year. Football season brought many hard practices and the efforts of the squad to revitalize the student's interest in the school athletic program. Rain drenched cheerleaders spurred the Fighting Christian's football team as they fought many hard battles.

As the football season ended victoriously with a win over Lenoir Rhyne, the cheerleaders lead the student body with cheers of confidence for Elon's basketball team. Cheerleaders tried a new twist in pep rallies as the fraternity pledges boosted enthusiasm by leading cheers before the High Point game.

As the season comes to an end, the endless amount of time and energy given by this year's cheerleading squad echos around the campus a traditional yell:

Let's win this game,
Go onward Elon go!

Beta Chi Epsilon

Beta Chi Epsilon functions for the benefit of all Business Education and secretarial students at Elon College. The organization serves as a source of extracurricular activity for those students who are not on campus full time and cannot take advantage of other social organizations. By means of classroom demonstrations of the latest office equipment, visits to local businesses and industries, and lectures from members of these organizations, the girls learn and experience true business activities. The colors selected by Beta Chi Epsilon are blue and green, while the yellow rose is its flower. The advisors are Mrs. Frances Longest and Mrs. Tessie Taylor.

SEATED: Cheryl Hart, Joan Riggan, Mary Rutt, Susie Ellis. ROW TWO: Dr. Reynolds, Marvin Morgan, Lindsey Wyatt, David Cory, Chris Walsh, Archie Aitchison, Buck Cobb.

While growing pains have gripped the College, the Mathatians have grappled with massive revisions in the religious needs of the college. Formerly emphasizing aspects of Christian activity which provide training and experience for the lifetime Christian work of its members, Mu Theta Sigma is now striving to provide Christian fellowship for its members and service to the college and community.

This year the Mathatians have conducted a highly successful campaign to collect money for the United Nations Children's fund. This money will be used to combat starvation in Biafra. The Mathatians have also held several community work days. Other activities include teaching Sunday School and taking children from the Elon Home on outings.

Varsity Club

The Varsity Club is a service organization composed of men who have earned letters in a varsity sport. The club is directed toward stimulating greater interest in athletics on campus.

Delta Upsilon Kappa

Delta, Delta, Upsilon, Upsilon, Kappa, Kappa, Nu. Hooray! Hurrah! A Delta, Delta U!!! Another year of sisterhood . . . and brotherhood! WOW!!! Marie, Sigma Phi's Sweetheart, is always on the hall yelling "Basketball, volleyball, baseball, GOLF-BALL, anyone?" . . . in Italian, of course . . . And weren't we proud to see Barbara Hudson as Senior Representative in Homecoming Court. Are you and Jimmy flying Piedmont on your honeymoon? . . . Janet, Sigma Phi's favorite French tutor—only thing is she won't date them. I can't see why, she serves Pabst Blue Ribbon!! . . . There's a girl that's TOPS in our hearts but always on the floor in the union—Guess who, Vickie? . . . Build me up, Buttercup. But no one throws lines like our Cupcake, right Johnson!! But if you can't quack, you might as well waddle!! . . . Peggy, did anything GOOD drive up at Hams—like a Reidsville Honey? Next year, it's Gibsonville,

on to Haw River!!! . . . Mary Alice, a Loyal DYK and housewife too . . . Three months of marriage and Chet signed Butch up for three Home Ec. courses!! . . . Libby Sanders, there is no more, but there's a Mrs. David Speight running around who looks alot like her! Libby, who did you say didn't make it to your wedding-breakfast? . . . Sue, you deserve a Medal of Bravery for capturing that enormous Moose!! . . . Beach, Sigma Phi's Homecoming Sponsor, Did somebody say I was supposed to write a newsletter? It seem that KYN's lip-nibbler is alright!!! . . . Betty Joe, a GREAT Delta U President, deserves an enormous bottle of Excedrin for being able to live with Beach for a year. Are you going back to the dorm for pushups? (Remember, Marty?) . . . For our grand old Delta U, To us the most glorious, DELTA UPSILON KAPPA.

Let us yell for black and white! Pi Kappa Tau equals the girls with smiles, spirit and the swords. Will the Statler Hilton ever be the same? A Kappa Tau girl and a TKE man and the moon is shining all around. Kappa Tau takes pride in those sisters who are cheerleaders (five), council members (ten), Who's Who (three), Homecoming Representatives (eight), our majorette (one), and workers for the school (all). Have you seen the T.V. lately, Sisters? Do us a favor, Give The United Way, I'll drink to that!

Can you keep up the PACE, Anita? If you need a few extra "minutes," just ask Alta. Belinda, you got what with Raliegh coupons? It must be nice to have a "Poole" of your own, Katie! Jan, did you enjoy those banquet "favors?" Susan, the only sister who sleeps with Keytur. We have the short and tall with Jonnie and Jane, and HERE comes the FLASH from Foo-quay-Varina (Can you speak Chinese, Phyllis?). You have probably seen Treece on a pin-up poster. Mary Ann, our chipmunk from Chuckatuck! Our Good Housekeeping seal of approval goes to Linda and Joan. You've got to be a football hero, right Sarah? Sue has a way with the guys, obviously. And Pam's our little bit of sunshine. Let's chew a little fat with

Margie. Our own championship guard—that's Debbie! Know those songs yet, Chris? The good looking brunette with the baton is Cleo. Seen Santa lately, Candy? You'd better get those drawings finished, Brenda! Yes, we have one banana—Juanita Newton, our own personal Chiquita brand. Vicki Harris, the only girl that gets a grocery bill from Tiny-Tote. Our own Pat Jones makes late trips to the Tote and is very handy with that chicken-wire. Our second big Bess, Betsy B., working hard like Betsy D. Where is Pam Layton?, put out some food and maybe you'll find her. Gena, Elon's linen lady and Kappa Tau's own White Knight! A smile from Carol brightens the Day. Baby Ruth Mayfield strikes again with call-downs. Resa definitely proves that blondes have more fun. Crouse will soon get her spouse. Hundley knows the way to a man's heart is through his stomach, just so he has his I. D. card. Ursula has her own personal Carpenter. Nelda Nightingale, Is Harvey still at Podunk U.? "Heats" really pulled the "wool" over Ken's eyes! Does the "Red Toothbrush" use Crest or Colgate, Karen?

The Kappa Tau bunch is the truest and the best, they keep things going and they never take a rest!!

Tau Zeta Phi

Tau Zeta Phi—a success story. Rush starts off the year with 23 great pledges. Homecoming demonstrates Tau Zeta's usual beauty with four representatives and Kaye and Dianne on the Queen's Court. JoNelle's colorful personality produced "Carousel of Colors" and influenced the sale of 250 bottles of perfume. Pam's Queen float really topped them all, but now things are running smooth as "Puddin".

The race to the altar sees Taylor first, Cobb a close second, and . . . but wait, a dark horse candidate, Kathy Copeland, entered the race and has beat everyone to the finish line. Does anyone know if Amy Thomas has picked up speed? After a long hard pull, it looks like Porter has at last run her "tug" aground—now she really has reason to cheer. Rumor has it that Pug's marriage has been postponed. We hope she doesn't lose herself in a "draft".

Maybe our Savage has finally been tamed and will march a straight line. While Rick's defending our country, Vincent is defending Rick against the soothing power of "Vic's." While groovy Muriel is twitching off-beat to "Gloria", her other

talents brought her national recognition in "Who's Who". President F. A. Wesley, who has also attained "Who's Who", has a beau who is lavaliered to Virginia Beach. Emily has proven that she has a lot on the ball by playing "Susie Snake" at Guilford Dairy. Myra's ability has won her the sorority award for "Best Dancer". However, she needs to improve in the basic ability of distinguishing the colors of red and white. Dede's angelic countenance shines more than the money she tries to collect. On the other hand, stern as a deacon, Martha divides her time between the sorority, Liberal Arts Forum, Dorm Council and the basketball team.

Our world traveler, Eleanor Zezzo, has added High Point to her list. Seems as if Sally has been pinned and she is "philled" with joy. Wine causes fickleness, but our Sherri makes wine seem stagnant. Could Elaine possibly prefer dorm life to married life? Not on week-ends. With a bunch of great girls like these, there's no limit to the height of success that can be obtained in this promising year. A great story—Tau Zeta Phi!!!

Alpha Phi Omega

The Sigma Rho Chapter of Alpha Phi Omega National Service Fraternity represents one of the more than 400 chapters in all 50 states and more than 100,000 brothers. Our chapter has been active on the Elon College campus for 3 years. The guiding principles of Alpha Phi Omega are Leadership, Friendship, and Service.

Alpha Phi Omega men engage in the four C's of Service:

Service to the Campus
Service to the Community
Service to the Chapter
Service to the Country

Men of A.P.O. stand firmly!
You are now a chosen band;
As in parting, so in meeting,
Grasp your brother's outstretched hand.

You are those who strive to do,
Serving where e'er you can
You are those whose service helps
Country and fellow man.

You will build a new tomorrow
From this old wrecked world of woe;
Build it strong by cheerful service;
Build it, Men of A.P.O.!

Are we in the red, you ask?

Kappa Psi Nu

Well, Kappa Psi Nu set the endurance run for party time . . . four weeks non-stop. The winter term has brought out the best in our fraternity. Jessup has worn out his Corvair going back and forth to Winston-Salem. Mike Phillips has learned to keep his car between the ditches, after a few tries. Tim Butler has avoided jails altogether this year . . . but that is more than I can say for a couple of others. Mike Langford, our lovable beach bum, still finds his kicks by hanging around McDonald's. Bob Berman is still looking for a date. At the present he is trying to get a date with one of Sandy Carrington's blonde maids.

Since Bill Oman has given Kaye a ring, he has been running around the house acting like a "savage", yelling, "I've got her now." I've heard Bill Bowes, our star basketball player, has finally declared a truce with Linda. While on the other hand, Andy Morris has declared war with the girls from Staley Dorm. Horton House claims the champion rabbit heart eater . . . Tom Hazelwood. Buster Alston is still running around with his green tongue hanging out!

Paul Bleiberg is growing a beard to be the "hippie" teacher of the future and is getting a little practice as one by run-ins with

the local fuzz. Bruce Cohen and George Simon have got to have something good in their apartment because they never show their faces except for classes. Horton House has given Ron Brown an ingrown phone in his ear to receive the ultimatums he's been getting from the girls. Buzz Ledford has acquired a new nickname this year . . . Pepsi . . . enough said. Cris Pittard must have gotten the mill rats mad at him because he's moving out of his trailer.

According to Rick Green's horoscope, his life is greatly influenced by a Leo. We've heard from sources on campus that Batman is s-o-o-o-o cool!! The only brothers who really blew their cool this year were Dave Culp, Steve James, and Mike "Frog" Barbour . . . they got married. Of course, the old family man of the fraternity for a long time running has been "Pappa" Watts.

Kappa Psi put a new twist on Christmas this year by having Jeff DeYong as Santa Claus, but then, Kappa Psi usually puts a new twist on everything.

Sigma Mu Sigma

Ho, Ho, Ho, and a bottle of . . . what? Not "Old German!" Yes, the Neesites of Sigma Mu start another fantastic year. Rumor has it that the rug actually isn't new, it's just dyed that color due to continuing "flash floods". Old, our "Wichita Lineman" has developed Test Patterns in his eyes and still says calculus with Captain Kangaroo can be fun. Lane, the walking Sphinx, refuses to talk to anyone as he has just finished talking to Karen. The rug gets a little redder. Johnson, our entry in the Yul Brynner contest is confused as usual yet managed to keep his mastery of the English language. Larrabee, the champion wrestler, goes down to defeat and is eventually pinned. It's not whether you win or lose it's how you play the game, Phil. Kirwin, the "Bwana", was unsuccessful in his snipe hunt, yet was able to bag "George of the Jungle". Watch out for that . . . what? Goldberg continues to amaze doctors in that his backbone runs from his shoulders to the back of his thighs . . . continuous. Who stole his seat? Corbiere, better known in the Times society page as "Eagle" is constantly practicing his phone answering abilities—either "shriek" or "hello, hello".

Hemphill is in bed as usual with two Bufferin, an Ole German and "Flossie". Miller, the Richmond commuter has decided—wait now! He hasn't decided—anyway he's still thinking he might be the one for whom the bells toll. Owen, the "Red

Ladder" says he'll get up "fen" he's ready. Watch out for that car Bill. It may be tagged Virginia yet it's a sure way to Hel—en back. Flash is still searching for that distant ray from sunshine while Zoek still thinks teachers should offer room service. Bear, or the "Idiot" is contemplating buying stock in Elon as it seems to be his life's work. Carpenter, the G.A.C. man, loses his shirt. Oh Banquet, no riots please. Webster, the Foo Bird, takes his sticks and heads hopefully not for the woods, or maybe with—Mother Hubbard? Hargrave, the snake, is temporarily out of work (among other things) and still waits for his date to call. Harrison, the Owl, not only excels on the basketball court, but at midnight "Twister" games as well. Tricky Ricky ganders at his goose while pondering the chances of demo-derby win. Could he lose? Dave Harrison, our pledge master, is seen studying "Judgement at Nuremberg" in preparation for Hell Week. Fast Freddy Hoy switches from being taught to teaching kids to "reach out for what they want." Congrats to Super, "T.G.", Danny, Dave, and ole friend "Pig." As usual, Hairy Buffalo, New Years, Hell's Angels, and Lester Lodge bring the between together for typical action. Farewell class of '69 and welcome class of '72. Good luck to all.

As you look into Cox House you see Darryl stalking around in his superchicken underwear waiting for his shadow phone call. All interested in purchasing a used lavalier please contact Marty, if you can find him when he's not stuck in the mud. Fulcher received his diploma from National Bakery school and he has already got one in the oven. If anyone sees Sheldon following closely behind a stock of red hair please direct him to the house. If anyone doesn't see Goldberg, he's probably gone for the week-end. Steve Helms, the biggest eater at Cox House says he prefers ketchup to Pizza. Odds are now 2 to 1 that Crazy Wade won't reach 30. When Glenn is not taking an overnight, he doubles as a sparing partner. Pins are cheap and

even Gordie found somebody to take his. Norman, ou, ou, ou, ou, Norman, my love. Is it true Green went on a trip? It's been a long dry spell hasn't it Lloyd? Did Jeff really use flea powder? How come you only see Butch every once in awhile? Who says that Ken Shaw lives in a cloud? Everybody!! Tom H. does what once a day, every day? Does Bucky have any male dogs at the B. & K. Ranch? Tell us about those mountain girls, Rat. Wes is slipping in oil every day. Pete Fleming's idea of big business is playing monopoly. What do Bill and Sandy do all the time together? Does he twirl her baton.

There's much more to say about the brothers of Sigma Phi, but we feel it safest to stop now.

Wicker House saw an enormous change this year with the arrival of 23 industrious young men. Her porch was enclosed and a shower installed; her storage room was converted into a study; her basement was cleaned out and filled up again with new paraphernalia; her floors were warmed with carpeting; her yard was given a haircut; and the letters TKE were embossed high upon her face. When the fun for Wicker House ended the fun for the TEKES began. They renovated an old station wagon, painted it red and lettered, attached Dr. Hook's trailer and their own bell, and then made noise. When the Guilford-Elon game came they carried the game ball 24 miles for school sports. Rush came and 23 pledges joined the group. Then the TEKES took first in the fraternity football league, second in the all-campus championship, and first in the school volleyball championships. The SGA offered two spirit awards and the TEKES took them both; two fraters were named to Who's Who; and there was a TEKE in virtually every campus organization. Wicker House smiles with pride now because her fraternity is the proven leader on campus, Tau Kappa Epsilon.

Liberal Arts Forum

The Liberal Arts Forum, sponsored by Mr. James P. Elder, is a committee composed primarily of students. The principle function of the Forum is to foster intellectual interest through the medium of public lectures. Where most college lecture series emphasize contemporary issues, Forum lectures are scholarly in character with concentration generally in the humanities and the social sciences.

The Forum has an honored tradition of excellence in its selection of lecturers, and its series has achieved a distinguished tradition which is unique among small colleges.

Presently, the Forum sponsors up to twenty lecturers annually. Besides monthly lecturers, the Forum has engaged two distinguished scholars, Professors Alred G. Engstrom and Osborne B. Hardison, Jr. of the University of North Carolina, to present six Humanities Lectures which will be published under Forum auspices upon completion. In addition, the fourth annual symposium, "Studies in the Humanities: Elon College 1969" was presented the week of April 19th - April 25th.

Forum Chairman, Jim Milward, talks with Professor Louis Landa of Princeton.

ROW ONE: Joe Goldberg, Phil Larrabee, Rene Johnson, David Marion, Don Kerwin. ROW TWO: Rodney Miller, Sherrie McGuirt, Sally O'Neill, Frank Lyons, Mark Rigby, Martha Kellam. ROW THREE: Jim Green, Randy Spencer, Jan Davis, Bob Lane, Jim Milward, Professor James P. Elder, George Scott, Belinda Black.

Spring Symposium "Studies in the Humanities: Elon College, 1968"

Professor Hajo Holborn of Yale and Professor Kemp Malone of Johns Hopkins enjoy a lawn concert.

Professor William L. Langer of Harvard.

Professor Alfred E. Engstrom of The University of North Carolina.

Professor O. B. Hardison, Jr. of The University of North Carolina.

Professor Penn Kimbell of Columbia University.

Professor Paul M. Kendall of Ohio University.

Lyceum

The Lyceum Committee is a small organization with a broad range of interests. Through the efforts of the student and faculty representatives, it attempts to present programs that are both informative and interesting. The committee hopes that it has broadened the students' understanding of the arts by presenting an unusual and different program this year. The 1968-69 calendar featured, among other performers, an Indian musician, a harpist, and a classical guitarist.

Mr. Westafer, Joan Wilson, Dr. Moffet, and Mr. Featherstone, and Woody Tillet, Chairman (not pictured).

Only six more hours

Sometimes it seems like a dog's life . . .

Where do I start?

Maybe we better go out and talk this one over.

Life

o cram.

What do we do now?

but it's not all bad.

I hear we're getting chairs in November.

Find something more interesting than your food?

Big test tomorrow!

Familiar Moments

Do we have room check today?

Remember this, seniors?

Farewell

Our life at Elon, like this book, is coming to a close. We hope that during our years here we have bettered ourselves and our school. We have experienced change since we entered Elon, progressing gradually and sometimes painfully into more mature individuals. The experiences which caused this change are now jumbled and fused in our memories, but perhaps through this book, we can recall and relive the events which affected our lives so greatly.

We feel a pang of nostalgia as we prepare to leave, but we know that life moves on continually, and we must move with it.

And so . . .

We must leave.

Home of the World's Greatest Hamburger!

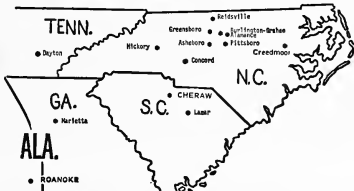

People on the go . . . go Burger Chef for the big new BIG SHEF. Two double-deck Open Flame Broiled hamburgers with melted cheese, tangy sauce topped with lettuce on a hot, toasted bun. A meal in a sandwich.

BUT IT ALL BEGAN IN ALAMANCE COUNTY

Pride in product and Company on the part of management and employees working together in a sense of friendly cooperation, combined with the interest and support of the people in the community has been the key to our growth. This has brought us from the role of distributor in 1925, manufacturer in 1937 with only one plant and one product, to the position of being one of the world's largest hosiery producers in 1968. Today we make hosiery and related products for men, women, and children under world famous brand names. Our plants are located in the cities shown on the map. We are pleased to bring you this story of progress, because it started in this area.

GOOD LUCK, CLASS OF 1969

Slater School and College Services wishes to thank the members of the graduating class for their patronage — to say farewell, good luck, and good health.

Your school's administration realizes that classroom performances often depends on planned nutrition. Through ARA Slater, they have wisely invested in quality, prepared and served in friendly style.

We hope you have enjoyed Slater meals & service that mealtime provided a pleasant social break in the day's busy routine. From all of us, good luck & good health in the years ahead!

It has all the beauty of the ugly ones.

A beautiful air-cooled motor that you don't have to worry about all winter. Because it starts freely. Beautifully styled in the rear of the car for better visibility and more and more. Continuous gas mileage about 27 miles to the gallon. Volkswagen has mileage about 20,000 miles to the gallon.

Automatic transmission is optional. For world's greatest, to make it all smoothly.

Each independent suspension on all 4 wheels. To make it ride smoothly. When one wheel goes down a bump, it doesn't affect the opposite wheel.

The V.W. Fastback also has a few additional choices to make.

It goes a little faster. 104 mph! And it gets up to 100 mph in 12.5 seconds.

There's a lot more space in the back seat of the Fastback than there is in the Big. And a good lot more trunk space. In fact, a whole extra trunkful.

Even 100 more. (Volkswagen)

But that's still nothing compared to cars that have most of their beauty where you can see it.

THE ELON SPIRIT

Elon is my College. I shall be loyal to her in word and deed and speak well of her at all times.

Elon classes are my opportunity to learn, to profit by the wisdom of past generations and to gain a deeper wisdom for myself.

Elon is my Community. I shall live as a good citizen among my fellows.

Elon is my College. I shall always be proud of her and shall always live in such a way that she may be proud of me.
